

## AI Tools Used :

- 1) **DALL-E** : Basically on ChatGPT, it uses the DALL-E Model to Generate eye-soothing AI-generated Images.
- 2) **Midjourney** : Though, I haven't Used it due to it's paid subscription. I searched about it in Web while trying to get Ideas of Generating Images.

## Additional Digital Tools:

**3) CapCut : I have used it for  
Video-Editing part.**
